Location: Great North Rd, Five Dock

History

City of Canada Bay's largest event, Ferragosto began in 1998 as an initiative of Five Dock's Main Street Committee. The event was originally held in the Garfield Street car park for the first few years but as it grew, it moved to Great North Road. It has now expanded from Queens Road to Lyons Road – approximately 800 meters in length plus most side streets. As the demand, size and costs of the event increased, so did Council's involvement.

The festival preserves its roots in the strongly-Italian local community, with considerable support and interest from local businesses, entertainers, community organisations and residents.

In 2017, it was estimated that over 110,000 people attended the event – an increase in numbers from previous years, which demonstrates its growing popularity throughout Sydney. As in past years, the event draws a mixed crowd with close to 60 per cent of attendees coming from the City of Canada Bay, the rest from broader Sydney area. The crowd demographics are mixed with all age groups represented and a broad cross section of cultures.
