

# Road work on Great North Road, Five Dock, from Thursday 11 July 2024

## Community Notification

July 2024

Transport for NSW acknowledges the Wangal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will carry out essential road maintenance work on Great North Road, Five Dock between Thursday 11 July and Thursday 8 August 2024.

### What work are we doing?

The work will include replacing asphalt and repainting road markings on Great North Road, between Rodd Road and Second Avenue, Five Dock.

Further information on the project location is shown on the map overleaf.

### When will we be working?

- For the safety of our workers, pedestrians and motorists and to minimise traffic disruption, our work will take place at night.
- We will be onsite for **two night shifts** between **Thursday 11 July** and **Thursday 8 August 2024**, weather permitting.
- Our work hours will be between **8pm and 5am**.
- Work will not be scheduled on Fridays, Saturdays, or public holidays.
- Exact dates are dependent on weather and other environmental factors that can affect our maintenance schedule.

### What will this mean for you?

Our work needs to be carried out at night to limit disruption to traffic and reduce safety risks to our workers, pedestrians and motorists.

It may be noisy at times, but we will do everything we can to minimise our impacts, including:

- completing the noisier activities before midnight
- turning off equipment and vehicles when they are not in use
- using quieter equipment where possible.

### Traffic changes

There will be temporary traffic changes to make sure the work zone is safe.

Lane closures and a 40km/h speed limit will be in place and may affect travel times.

Vehicular access, including buses, will be maintained throughout the construction period.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Transport for NSW thanks the community for their patience while we complete this work.
